PREFACE.

ALL that was necessary by way of introduction to this work was said in the Preface to the last volume. The numbering of the pages has been made to follow on, thereby avoiding the necessity for distinguishing the volumes in the index references, a saving of type and labour which is a consideration in the heavy index which works of this nature require.

INDEX

INDEX OF PLACES.

Note.—The chief utility of an Index of Places, in the case of a work of this description, being to indicate such places at a distance as are incidentally or unexpectedly mentioned, the references below are confined to such places as are mentioned less than twenty times. Places referred to more frequently are given as *passim*.
